What does the picture on page 79 show about conditions on the slave ships?

As You Read

List three crops from the southern colonies that were **labor-intensive**.

What do you think labor-intensive means?

The southern colonies imported unfree white workers called indentured servants. What is an **indentured servant**?

What made being a servant a hard life?

When were the first African slaves sold in Virginia?

Why were white indentured servants difficult to find if they ran away?

What countries or continents were the three corners of the **Triangle Trade**?

By 1700, how many African slaves were there in Virginia?

What were the slave codes?

Read a Primary Source

What is this reading about?

How many slaves could a ship hold?

How are they separated into groups?

What kept the slaves from moving around?

Did all the slaves survive, or did some die on the journey?

Copy the line in the primary source that shows the answer to the question above.
