
Historical Parallels – Does history repeat itself?

A historical parallel is two events in history that are similar. Think of attacks on Pearl Harbor on December 7th, 1941 and the Twin Towers in New York City on September 11, 2001. Can you think of three historical parallels between these two events? Write three similarities between the two events in the lines below.

1.

2.

3.

Do we learn from history?

Do you think something like Japanese American Internment could happen in the US again? Why or why not?
